## Unlock Your Child's Social Potential with the PEERS® Program

<https://bit.ly/4tlocic>

Is your child ready to build lasting friendships and navigate the social world with confidence? Our **PEERS® (Program for the Education and Enrichment of Relational Skills)** is a world-renowned, evidence-based social skills intervention—and your insurance may cover the cost!

### How to Get Started ( Insurance Roadmap)

Follow these four simple steps to initiate the referral process and secure coverage:

#### 1. Call Your Insurance Member Services

Contact the number on the back of your insurance card. Ask if your plan covers "**Speech Therapy for Social-Pragmatic Communication.**"

**Express your concerns: Pragmatics- Social communication**

#### 2. Self-Refer to Savvy Speech Therapy

Inform your insurance provider that you would like to have your child evaluated by **Savvy Speech Therapy.**

- **Provider NPI:** 1407214638
- **Purpose:** Evaluation for **Social Communication (Pragmatics).**

#### 3. Coordinate with Your Pediatrician (PCP)- Provide them with the [Referral Letter](#):

Request that your PCP's referral department send a referral to us using these specific medical codes to ensure proper authorization:

- **For Program Intake T1023**
- **For Evaluation:** \* 92623 & 92624 (Evaluation of Social Pragmatics)
- **For Therapy & Skills Training:** 92507, 92508, 97129 & 97130 (Therapeutic Interventions)
- **For Parent Training/Education T1027**

3200 Guasti Rd, Suite 100, Ontario, CA 91760 [www.SavvySpeechTherapy.com](http://www.SavvySpeechTherapy.com) Phone: (909) 313-2153

Fax: (909) 413-4549

## Unlock Your Child's Social Potential with the PEERS® Program

**4. Notify the Savvy Speech Team** Once you have requested the referral from your doctor, please complete the [PEERS® interest form \(bit.ly/4qmyBal\)](http://bit.ly/4qmyBal) We will track the referral and contact you immediately to begin the intake process.

**5. Handling Rejections: A Letter of Medical Necessity (LMN)** is your strongest tool for overturning a denial. It shifts the conversation from "socializing" to "treating a clinical deficit." Here is a formal template designed to meet 2026 insurance standards. [Letter of Medical](#)

## Why PEERS®?

Unlike many generic social skills groups, PEERS® is a manualized, research-based program that includes:

- **Direct Instruction:** Concrete steps for social interactions.
- **Role-Play:** Practicing skills in a safe environment.
- **Social Coaching:** Parent training (T1027) to help skills generalize to the real world.
